Removals

Do it Yourself to Full Service

Removals are one of the Göllner family's traditional fields of activity. Through generations, techniques and services, have advanced and been developed to fit our customer needs. To us it doesn't matter whether you change the district, the city or the country you live in. Expert advice in the run-up, comprehensive support during the removal and our relocation-service make your change of locations as comfortable as possible.

Do it Yourself to Full Service

Moving can mean stress. Whether changing to another floor in your apartment block, moving from Southern Germany to Northern Germany or even to a foreign country - many things have to be taken into account. We will organize your removal after an initial free of charge consultation, where your concerns are most important to us and even unusual desires can be fulfilled.

Our services range from providing only a truck including the driver and all needed materials up to a complete full-service solution. According to your needs, we will pack your furniture, skillfully rearrange it and conduct expert **FURNITURE AND KITCHEN INSTALLATIONS**. We can clean up your old apartment or dispose your old furniture if you wish. Afterwards we will naturally pick up the removal boxes that are no longer required free of charge.

Our special air-suspension removal vehicles provide safe transportation of your complete furniture, your personal souvenirs, your antiques or your sensible IT devices. Regular training of our expert personnel guarantees a reliable and competent service. If you don't want to take your complete household furniture with you, our **STORAGE** facility is at your disposal. We can carefully store everything into our storage containers right in front of your house. Safely locked up in our temperature-controlled storage facility they will wait for your delivery order.

Especially for our **SENIOR CUSTOMER SERVICE**, we deploy our most experienced teams to provide a well organized and careful removal. We will organize all necessary paperwork, such as notification of authorities, forwarding requests and so on - all you have to do is sit back and relax!

An enhanced service offer, is our **RELOCATION SERVICE**. Meaning, we can find a new apartment for you, check the infrastructure, look for schools and kindergarten and even find a tenant for your old apartment, take care of your telephone hookups and have your car registered. If you only have few pieces of furniture to send - we can arrange it to be **CO-LOADED** with other big loads. That saves money and helps protect the environment!

The ongoing globalization demands employees to be more flexible and mobile. Can you imagine living in Singapore next month? We will organize your **OVERSEAS TRANSPORTATION**, first supervise you through the planning stage, systematically packing your furniture and other goods, load everything into a container and provide all necessary declaration papers. After the overseas transport, we will organize a dependable delivery to your new location - so you can feel at home again as soon as possible.

As a long-year **CONTRACTOR** of the **GERMAN BUNDESWEHR** and the **DEPARTMENT of FOREIGN AFFAIRS** we have comprehensive experience with relevant accounting systems for Inner-German and European removals. Countless satisfied customers approve for our high quality services.
